AYNE ST. MARTIN

Web designer & developer with over 15 years of experience. Able to design and code sites start to finish, or work smoothly as part of a team. Able to prioritize and juggle multiple projects, solve problems and write clear documentation. Solid organizational skills. Proficient with HTML email creation and campaign management, Wordpress template customization.

RECENT TEAM PROJECTS

Sites created in collaboration with a team. I participated in the design, coding and testing of these sites and provide ongoing maintenance, updates and design refreshes.

WORK EXPERIENCE

5/2003 - PRESENT
AMV INTERNET MARKETING [SEATTLE]
WEB DESIGNER / FRONT END DEVELOPER

Design & code web sites either from start to finish or as a part of a team, including responsive and mobile sites. Cross-browser and multi device testing. Create Wordpress themes and themes for proprietary CMS systems such as Synxis and Shopify. Photoshop editing and retouching. Write documentation for sites in maintenance mode, or for client training. Create advertising graphics. Design, build and manage email campaigns using Constant Contact, MailChimp and Publicaster. Project management, research and estimating.

6/1998 - 2/2003
THE COBALT GROUP [SEATTLE]
WEB PRODUCTION LEAD -
PROFESSIONAL SERVICES

Lead a team of 15 Web Builders in creating, maintaining, updating and customizing Web sites in a UNIX environment. Organized and managed workflow. Created original art, HTML and Javascript code for site templates, splash pages and graphic enhancements. Maintained and edited Flash source files and actionscripting. Documented processes and procedures and conducted training sessions. Troubleshoot issues with sites and internal tools.

10/1997 - 5/1998
REAL NETWORKS [SEATTLE]
REALMEDIA SUPPORT TECHNICIAN

Technical support for RealPlayer and Vivo streaming Internet media and content creation tools. Researched and troubleshoot issues to resolve undocumented problems. Wrote new articles and updated existing articles to improve internal knowledge base. Alpha and beta tested new product releases and logged bug reports for QA.

8/1995 - 10/1997
SIERRA ON-LINE [BELLEVUE, WA]
LEVEL 2 SUPPORT QUEUE LEAD

Supervised a team of seven support technicians. Provided technical expertise and training through formal classes and individual mentoring. Wrote performance evaluations & managed personnel issues. Resolved escalated or high priority technical support issues and complaints. Authored technical support documents and official release "readme" files. Collaborated with the Product Certification Department (QA) to test and approve new products and patches before release.
